Introduction

A Provincial General Enumeration was not conducted in the Province in either 1983 or 1984 (Election Act, Sections 14 and 14.1). The 1985 General Enumeration was conducted pursuant to Part 2 of the Election Act, and in relation to the boundaries of the 83 electoral divisions established in the Electoral Divisions Amendment Act, 1985 (Bill 55).

The Electoral Divisions Amendment Act, 1985, was Assented to on May 27, 1985; however, this Act will not come into force until proclamation, coincidental with the issue of the Writ of Election for the next Provincial General Election. For purposes of this Enumeration, the Electoral Divisions Amendment Act, 1985, was deemed to be in force, as authorized in the Election Act, Section 12(2)(a).

The boundaries of the 83 new electoral divisions, when compared to the boundaries of the current 79 electoral divisions, vary from no change, to significant changes, including the formation of new electoral divisions. As a result, any comparison of voter population by electoral division with the figures from the 1982 General Enumeration, is meaningless in most cases.

For the first time in the history of Alberta, there are more urban electoral divisions than rural electoral divisions.

Conduct of the Enumeration

A total of 7,260 enumerators were employed in the 1985 General Enumeration, which commenced on Monday, September 16th; the door-to-door visits to residents were generally completed on September 30, 1985. It was necessary to extend the enumeration period for ten electoral divisions as a result of individuals who failed to meet their responsibilities, sickness, accident, staffing circumstances and special considerations arising from the changes to the electoral boundaries in the Electoral Divisions Amendment Act, 1985. The 1985 General Enumeration Revision Period was October 17, 18 and 19.

The total number of electors enumerated in each electoral division is presented at Appendix I of this Report (Page 6). These totals include both those electors enumerated during door-to-door visits and those electors added during the Revision Period.

Training Seminars for Returning Officers

During March 1985, the eighty-three Returning Officers attended an Enumeration Training Seminar in either Edmonton or Calgary. All enumerators received a briefing from their Returning Officer prior to commencement of the 1985 General Enumeration.

A flip chart briefing guide, containing pertinent information to be used as a training aid, was provided to each Returning Officer. This training aid and updated copies of "A Guide for Returning Officers on Enumeration" and of "A Guide for Enumerators" helped to standardize enumeration procedures throughout the Province.

The names and postal addresses of each of the eighty-three Returning Officers, who conducted this General Enumeration, are recorded at Appendix II (Pages 7 & 8).

Publicity

Advertising in the daily and weekly newspapers, circulated throughout the Province, was more comprehensive than the advertising utilized during the 1982 General Enumeration. Of necessity, emphasis was placed on the electoral division boundary changes resulting from Bill 55. This emphasis was apparent in printed information and in the inclusion of maps appropriate to each electoral division.

The media provided good coverage of the enumeration process which resulted in meaningful information being passed to the electorate.

Overview of Results *(see Appendix I)*

The following information has been highlighted for general interest purposes:

a. there are 1,428,727 names recorded in the 1985 Lists of Electors, in comparison to the 1,386,222 persons recorded at the 1982 General Enumeration. The Additional 42,505 names represent a 3.07% increase over the period;

b. there were 879,720 persons enumerated in the 42 urban electoral divisions, compared to 805,953 persons enumerated in 37 urban electoral divisions at the 1982 General Enumeration;

c. there were 549,007 persons enumerated in the 41 rural electoral divisions, compared to 580,269 persons enumerated in 42 rural electoral divisions at the 1982 General Enumeration;

d. electoral divisions having a voter population of over 25,000 are:

Medicine Hat	27,060,	
Calgary-Fish Creek	25,856,	
Edmonton-Whitemud	25,757,	
Calgary-North West	25,556,	and
Calgary-McCall	25,270;	

e. electoral divisions having a voter population of under 10,000 are:

Pincher Creek-Crowsnest	8,752,	
Cypress-Redcliff	8,974,	
Chinook	9,183,	
Little Bow	9,256,	and
Cardston	9,316;	

f. there is an average of 20,946 electors in the 42 urban electoral divisions; and

g. there is an average of 13,390 electors in the 41 rural electoral divisions.

Maps and Lists of Electors

Maps of each electoral division, showing sequentially numbered polling subdivisions, were prepared by the Alberta Bureau of Surveying and Mapping. Lists of Electors were compiled in accordance with Section 26 of the Election Act. The Lists for each polling subdivision, within an electoral division, includes a cover page, a boundary description and a map of the polling subdivision. Copies of the Maps and the Lists were distributed to all registered political parties in accordance with Section 34 of the Election Act.

Financial Analysis

The cost to conduct the 1985 General Enumeration, during which 1,428,727 eligible voters were recorded on the Lists of Electors, was $3,131,783., with an average cost per name of $2.19. A cost summary, by electoral division, is presented at Appendix III (Page 9).

An analysis of the cost summary of the 1985 General Enumeration indicates:

a. the cost of $3,131,783., to conduct the 1985 General Enumeration was 2.7% higher than the cost incurred for the 1982 General Enumeration. This increase in overall cost resulted from an increase in the number of Returning Officers due to the increase in electoral divisions, and the associated advertising, as well as additional Enumerators and the increase in the numbers of names on the Lists of Electors;

b. for the 42 urban electoral divisions, in which 879,720 names were recorded on the Lists of Electors, the total cost was $1,915,798., with an average cost of $2.18. The highest cost per name was $2.57, recorded for the electoral division of Edmonton-Strathcona; and the lowest cost per name was $1.98, recorded in the electoral division of Calgary-Buffalo;

c. for the 41 rural electoral divisions, in which 549,007 names were recorded on the Lists of Electors, the total cost was $1,035,402., with an average cost per name of $1.89. The highest cost per name was $2.56, recorded for the electoral division of Camrose; and the lowest cost per name was $1.39, recorded in the electoral division of Stony Plain;

d. the eighty-three Returning Officers were paid fees and expenses amounting to $593,043, representing approximately 18.94% of the enumeration cost. Fees and kilometerage, amounting to $2,358,157., were paid to 7,260 enumerators representing approximately 75.29% of the enumeration cost. The remaining 5.77% represents costs incurred by the Office of the Chief Electoral Officer; and

e. in excess of 7,200 individual fees and expense claims were received, verified and processed for payment through the Provincial Treasury, in a four week period.

Conclusion

Overall, the 1985 General Enumeration was efficiently conducted by the 7,260 enumerators employed throughout the eighty-three electoral divisions. All requirements of the Election Act were met.

Public interest in this enumeration varied by area but was generally high, possibly as a result of the announced resignation of Premier Lougheed and the publicity surrounding the convention to select the new Leader of the Progressive Conservative Association of Alberta. There was some media speculation that there would be a Fall election.

The success of the 1985 General Enumeration was largely due to the effective management displayed by the eighty-three Returning Officers. I wish to record my sincere appreciation for their dedication and the professional manner in which they carried out their duties under the Election Act.
